Breast cancer is the second-leading cause of cancer-related deaths among women in the United States, with about one in eight women developing the disease in her lifetime.

Susan Goodman Komen of Peoria was diagnosed in 1978 with breast cancer. Two years later, she lost her battle with this deadly disease. With the tragic loss of her sister, Nancy Goodman Brinker established the Susan G. Komen Breast Cancer Foundation to educate the public and eradicate breast cancer as a life-threatening disease.

As Secretary of State, it is an honor to offer Mammogram License Plates. By purchasing a set of these plates, you are helping provide mammograms and related services to Illinois women who lack the finances for these services. A portion of the proceeds from the sale of the plates goes to the Mammogram Fund, administered statewide by the Susan G. Komen Breast Cancer Foundation — Peoria Memorial Affiliate, Inc.

To request a set of Mammogram License Plates, please complete and mail in the attached request form.

The Susan G. Komen Breast Cancer Foundation, Inc., was established in 1982 by Nancy Brinker after the loss of her sister, Susan Goodman Komen, to breast cancer at age 36 in 1980. The mission of the foundation is to eradicate breast cancer as a life-threatening disease by advancing research, education, screening and treatment.

The Komen Foundation operates one of the most innovative and responsive programs involving breast cancer research and community outreach programs. Volunteers around the world work through local Komen affiliates and the Komen Race for the Cure® events to further the foundation's mission.
